MILLED WOOD

Legno pantografato

SERIE
ROYAL

STRUTTURA DEL PANNELLO
Pannello realizzato in multistrato a fibre parallele per esterni, spessore 18 mm, e doppio strato di essenza nobile ad imitare il massello. La pantografatura ad angolo vivo con fughe, conferisce sontuosità al pannello.

STRUCTURE OF THE PANEL
Panels are produced in plywood with parallel fibres measuring 18 mm thick for external use and double layers of quality wood. Milling at sharp angles with gaps in between brings the panel a sumptuous nature.

SERIE
PANTOS L

STRUTTURA DEL PANNELLO
Nei pannelli pantografati Pantos L le figure rettangolari si rincorrono, acquistando morbidezza grazie agli angoli arrotondati. I pannelli sono in multistrato a fibre parallele per esterni, spessore 14 mm.

STRUCTURE OF THE PANEL
In the milled Pantos L panels, rectangular shapes chase each other, obtaining a soft effect thanks to rounded corners. Panels are produced in plywood with parallel fibres measuring 14 mm thick for external use.

SERIE
PANTOS

STRUTTURA DEL PANNELLO
Le geometrie ad angoli arrotondati pantografate della serie Pantos sono realizzate su pannelli in multistrato per esterni a fibre parallele, spessore 14 e 7 mm, con monostrato di okoumé.

STRUCTURE OF THE PANEL
The milled rounded corners geometries of Pantos series panels are crafted in plywood for external use with parallel fibres, 14 and 7 mm thick, with one okumè layer.
